

Overview

- 1) LCH's shelter program is time-limited. The typical stay is 4-5 months. Residents are expected to make swift and reasonable progress toward independent living. Plan time accordingly. If the rate of progress is not satisfactory, the stay in shelter will be shortened.
- 2) The Haven is a highly structured program. This structure will provide a road map that will help you achieve healthy, safe, independent living. Strict adherence to these rules is required.
- 3) Residents pay \$25/week for shelter rent (to be paid on the 1st of the month) once the resident either has savings or has income of any kind (employment, disability payments, unemployment insurance, alimony, etc.).

Communication & Attitude

- 1) Your shelter, food, personal items, and services are being provided by many donors who have sacrificed so that you can have a new start. The Haven staff also works tirelessly to provide you with this opportunity. In response, a positive, grateful and cooperative attitude is expected from you at all times.
- 2) Residents are expected to treat staff, volunteers, and other residents with respect at all times. Each resident is expected to treat the Haven, its physical properties, and its reputation in the community with respect at all times.
- 3) Honesty is expected from all residents without exception.
- 4) LCH is a confidential environment. Residents may not discuss personal or identifying information about any other LCH resident, either on or off-site (or via telephone). This includes confirming/denying that someone resides at the shelter and disclosing LCH's address.
- 5) If a resident has concerns about another resident's safety or sobriety she is expected to bring those concerns to a staff member immediately.
- 6) Residents are not allowed to listen to private conversations between other residents and representatives of LCH.

Dress Code

- 1) Proper attire must be worn at all times. Visible underwear is not allowed.
- 2) Bathing suits are not to be worn on LCH property.
- 3) Bare midriffs are not allowed.
- 4) Excessively low and/or baggy pants are not allowed.
- 5) Head coverings are not allowed indoors. This includes baseball caps and hoods. Scarves are only permitted between the hours of 9pm - 8am.

Case Management & Counseling

- 1) Case management is the cornerstone of our program. Participation in 1 case management session per week is mandatory. The responsibility for scheduling sessions is the resident's.

- 2) Residents are on time and prepared for all case management/counseling meetings.
- 3) The Haven's Day Program is designed to provide residents with the tools and education needed to become independent. It provides 40+ hours per week of in-house groups led by Haven staff and volunteers. Residents are required to attend all groups.
- 4) All residents are placed on the Green Team for the first 30 days at LCH. After this period, residents transition to the Blue or Purple Team.
- 5) Groups at Hope House will only take place in the upstairs living room. If there is only one staff on duty, it will be in the first floor living room.

Groups at Renewal House will take place in the dining room and in the basement family room. If there is only one staff on duty, it will be in the west side living room.

- 6) Group Ground-Rules will always be enforced, including collecting all phones/tablets which will be shut off or silenced and put in a basket (of sorts) and kept in the office during group.

This applies to every group, every facilitator, every client, every time. No exceptions, including people who are waiting for a call from anyone. If a client had to schedule an appointment that occurs on her phone (such as virtual therapy), during group she will be excused from the entire group and will instead complete a written assignment on the group topic.

In order to be excused in that way, the Case Manager has to give approval, not the Group Facilitator.
